#BosavernFarm This award-winning project uses organic, regenerative growing
techniques and helps people to progress into college or paid employment.

No prior experience or qualifications necessary.

WHAT TO EXPECT

Bosavern Training & Work Experience is based at our community farm near St Just, convenient for buses from both St Ives and Penzance. We can help with travel costs. Our Tutors lead gentle horticultural and cookery activities every Tuesday and Thursday over 11 weeks to help boost skills, confidence and teamwork as well as offering practical help to apply for work, college or placements e.g. assistance with job applications, lifts to interviews, clothing, inspiring talks and trips to visit employers, colleges and other projects

'I like the buzz of being in a team on a real farm, growing veg to feed the public'

Who can take part?

-  Working age (18yrs-60-ish) with the right to work in the UK
-  Not currently earning (unemployed or economically inactive)
-  Local address (includes St Ives, Carbis Bay, Penzance, Newlyn, St Buryan, Porthcurno, Sennen, St Just, Pendeen, Morvah, Newmill and places in-between).

Our Trainees come from a range of backgrounds. Some have anxiety and enjoy being out in nature, some are mid-life, looking to explore a change of career, we have graduates and college-leavers looking to gain practical experience, people with Autism, Aspergers and some people with learning difficulties. No prior experience of horticulture or cookery is necessary.

Taster Sessions

Drop in to one of our no-commitment taster sessions on Thursdays at 10am during December and January, or call us to arrange another time to visit.
